

The nutritional information provided is approximate for informational purposes only. Reported nutritional values are based upon data collected through laboratory testing, published resources, suppliers and third party software. Values listed may be different than the actual values due to supplier differences, serving size, product differences, specification ranges, tolerances, variable preparation, recipe changes and ingredient substitutions. We encourage you to consult your doctor if you have questions about your health or diet. Complete menu analysis available at the counter or online. Information based on a 2,000 calorie a day diet. Your daily values may be higher or lower depending on your calorie needs.
